HARDY PERENNIALS

Hardy Vines, Shrubs, Roses, Etc.

SPRING AND FALL, 1914

The PALISADES NURSERIES

INCORPORATED

R. W. CLUCAS, Manager

SPARKILL, N. Y.
(ROCKLAND COUNTY)

INTRODUCTORY REMARKS AND TERMS

THE plants offered herein are all sturdy, transplanted and nursery-grown for more than one year, and can be depended upon for flowering satisfactorily the first season after planting out.

Our stock of plants is reasonably large, we having thirty acres of hardy plants in cultivation. We make a specialty of supplying Landscape Gardeners, Dealers and others in the trade.

We print real prices, which, as long as unsold and without engagement, we are willing to accept. The prices are net, except being subject to 2 per cent discount when cash accompanies order; otherwise payable in thirty days from date of invoice on approved credit. Packing charges at cost, f.o.b. Sparkill, N. Y. To meet reputable competition, we will reduce our prices still further on being given the opportunity.

No less than six of one kind furnished at dozen rates, 25 at 100 rates, 250 at 1,000 rates, unless otherwise specified. Clumps (or plants of extra-large size) can, in most cases, be supplied. Prices on application.

For varieties not listed herein see our Descriptive Catalogue of Palisades Popular Perennials. From prices quoted therein we allow the trade a special, liberal discount.

PERENNIAL ASTERS

(Starwort, or Michaelmas Daisies)

Price of strong plants that will make a profusion of bloom the first season planted, 10 cts. each, 75 cts. per doz., \$5.50 per 100, except otherwise noted. Number 1, 2 and 3 relative time of flowering.

Acris. (1) Bright lilac-purple flowers in great profusion; bushy habit. Height, 2 feet.

—nanus. Height, 6 in.

Amethystinus. (3) Bright lilac flowers. Height, 4 feet.

Beauty of Colwall. New. Fine double blue. 15 cts. each, \$1.50 per doz., \$10 per 100.

Chapmani. (2) Light ageratum-blue; large sprays. Height, 5 feet.

Forget-me-not. (2) This variety grows about 2 feet high, has strong, stiff stems, branched and covered with myriads of small, daisy-like flowers; white, with a brownish eye. A very attractive sort.

F. W. Raynor. (2) Light, reddish violet. Height, 4 ft.

PERENNIAL ASTERS, continued

F. W. Burbridge. (2) Large, soft heliotrope flowers; very fine. Height, 4 ft.			
Gertrude. (1) Foliage small and fine; habit graceful, smothered with a profusion of small, dainty, clear purple flowers.			
Grandiflorus. (3) Best and largest; dark violet flowers; late and free bloomer. Height, 2½ ft. 15 cts. each, \$1.50 per doz., \$10 per 100. 3-inch pot-plants, 10 cts. each, \$1 per doz., \$7.50 per 100.			
Lævis, Calliope. (3) Large, spreading heads of rich lavender flowers. Height, 4 ft.			
Madonna. (2) Large; white.			
Melpomene. (2) Tall; large, purple flowers, in long, graceful sprays. Height 5 ft.			
Mesa grande speciosa grandiflora. (1) New. 15 cts. each, \$1.50 per doz.			
Novæ-Angliæ. (3) Bright purple-violet. 4 ft.			
— —rubra. (2) Deep reddish violet. Height, 4 ft.			
Novelty. (2) New. 10 cts. each, \$1 per doz., \$7.50 per 100.			
Perry's Favorite (Amellus). (2 and 3) New. Fine, pink. 15 cts. each, \$1.50 per doz., \$10 per 100.			
Perry's Pink. (2) Rosy pink; small flower.			
Ptarmicoides. (1) Small, pure white flowers; erect, dwarf habit. Height, 1 ft. This is a continuous bloomer and makes a desirable border plant.			
Polyphyllus. (1) Elegant foliage; small, white flowers with lemon centers. Very effective. Height, 4 ft.			
Robert Parker. (2) Large sprays of beautiful, large, soft lavender-blue flowers, with yellow centers; extra fine. Height 5½ ft. A valuable cut-flower.			
Snowflake. (2) Pure white; very free. Height, 1½ ft.			
St. Egwin. (2) Clear pink. New. 15 cts. each, \$1.50 per doz., \$10 per 100.			
Subcœruleus. (1) New. 10 cts. each, 85 cts. per doz., \$6.50 per 100.			
Tartaricus. (3) Late, tall, blue.			
Top Sawyer. (2) Large lilac flowers of perfect shape. Height, 4 ft.			
Trinervis. (3) Rich violet-purple; distinct, large foliage. Height, 1 to 2 ft.			
T. S. Ware. (2) Light blue; one of the best of its color. Height, 3½ ft.			
Versicolor. (2) Small white flowers, changing to rose; erect, branching habit. Height, 3½ ft.			
White Queen. (3) Large, white, free-flowering variety. Height, 4 to 5 ft.			
Wm. Bowman. (3) Large, purple flowers on stems 3 feet high. A late, continuous bloomer; one of the latest to bloom and has flowers equal in size to any.			
ASTER, Dwarf Alpine Varieties. July-flowering; charming for rockwork. Height, 6 to 9 in.

CHRYSANTHEMUMS, HARDY POMPON

Our collection listed below is a careful selection of what we consider the best of the standard sorts and newer introductions.

Price, strong pot-plants of all varieties, except where noted, 5 cts. each, 50 cts. per doz., \$3.50 per 100. Spring delivery

DOUBLE HARDY POMPON CHRYSANTHEMUMS

Varieties marked "But." have small, round, button-shaped flowers; "Lg." have larger or aster-like flowers.

Alma. A beautiful pink. Lg.

Anna Maria. Creamy white, tipped pink. But.

Baby. A foot high. Little golden yellow, double. But.

Belle of Weybridge. Bronzy red; very fine, early. Lg.

Climax. Deep rose. But.

Denizula. Long sprays; violet-pink. Lg.

Elegantha. Deep pink, white edge. But.

Elva. The most beautiful of white Pompons. Lg.

Fred Peele. Light lilac; foliage scented. But.

Geo. Meadows. This Pompon variety blooms from early summer until frost. Cream-white. Lg.

Globe d'Or. Dwarf, bushy; clear yellow. Lg.

Goldfinch. Gold, shaded crimson. But.

Hamlet. Violet-red. But.

Kadar. Bronze-crimson, yellow center. Lg.

Lyndhurst. Bright crimson-maroon. Lg.

Prince of Wales. Pure white. Lg.

Rhoda. Pink, shaded white. But.

Seven Oaks. New summer-blooming yellow variety. Lg.
10 cts. each, \$1 per doz., \$7.50 per 100.

St. Illoria. Silvery pink. Lg.

Tennyson. Pure yellow. But.

SINGLE HARDY POMPON CHRYSANTHEMUMS

Lady Smith. Flowers about October 15; completely covered with bright pink flowers; extremely lasting.

Aaron. Bronze-scarlet.

Princess of Thule. Orange-red.

Rosy Morn. Silvery pink.

M. J. Osborne. Large, pink, white eye.

HARDY LARGE-FLOWERING DOUBLE JAPANESE CHRYSANTHEMUMS

The stock from which these varieties were grown was taken from an old-fashioned garden where they had stood the severest winters. They are the best we have yet seen of this type—being large and perfect flowers. We can offer four colors.

*Terre Neuve. Clear red petals, striped white.....	10	75	5 50

PHLOX DECUSSATA IN MIXTURE

In going over our Phlox during the growing season, we find many sorts sporting, which are always carefully removed and thrown together in mixture. Besides these, names are sometimes lost by accident. This mixture contains some of the best types of all colors, making them suitable for massing where no particular color effect is desired. Strong, field-grown roots, in mixture, 5 cts. each, 50 cts. per doz., \$3 per 100, \$25 per 1,000.

PHLOX SUFFRUTICOSA (Early-flowering Phlox)

These flower two or three weeks before Decussata, and make fine spikes of bloom again in the fall. Specially useful for cutting.

	Each	Doz.	100
Enchantress. New. Shell-pink. Same habit as Miss Lingard.....	\$o 12	\$1 25	\$9 00
Forward. Violet flowers, striped white.....	10	85	6 50
*Indian Chief. Clear purple-red; rich shade.....	10	85	6 50
*Miss Lingard. Pearly white flower, with delicate pink eye. Very remarkable bloomer, producing two or three crops of flowers during the season; indispensable as a cut-flower for florists' use.....	\$45 per 1,000.. 10	75	5 50
Nettie Stewart. White, with light pink eye.....	10	85	6 50
Ringleader. White, large violet-red eye.....	10	85	6 50

PHLOX SUBULATA (Dwarf Moss Pinks)

Strong field clumps or plants from 3-inch pots.

	Each	Doz.	100
Atropupurea. Purple-rose.....	\$o 10	\$o 75	\$5 50
